My favourite part of chinese history is when my OC nyanalan sped down the battlefield on the back of her trusty unicorn Nyuunicorn and killed 5000 asians because she was bored.

100000V10 would commit asian genocide in a fox costume again. I got drunk and bought a bunch of DW8E DLC on my credit card, yet this is the only one I sincerely regret getting.

E: Not because it's glitchy or anything, just because the realization that you spent a real life dollar on this is enough to make anyone rethink their life andVor drinking.. well it's preeety cheap, might as well get it.
